

21 July, 2020

Greetings to members and friends of the Barkley Area Neighborhood Association. **This message is to inform you that our association will not hold its usual member meeting this month.** Although the current COVID-19 restrictions permit indoor gatherings of up to 50 people, I think that most of our members and neighbors are not willing to risk the exposure associated with our meetings. Besides that, the meeting rooms at the library are not available during the current phase 2 restrictions.

Our association's Board members agree that we should cancel our July meeting. We are willing to conduct any necessary business using alternatives to in-person meetings.

We hope that conditions later this year will support planning for our usual member meeting in January. We'll communicate in the Fall about plans for the new year and will encourage new memberships and renewals to support our ongoing activities and expenses. We'll include communications on our website: barkleyplace.org and on nextdoor.com. If you have any questions or suggestions, I welcome your reply to this message.

I hope that you and your family members are well and are able to remain well during the continuing pandemic.

John Krupsky
President
Barkley Area Neighborhood Association
